This document is divided into three sections:

- **STANDARD EVENTS & EQUIPMENT SPECIFICATIONS** – lists the events determined as the set of standard events for Little Athletics. It also states what events are not deemed suitable for Little Athletics competitions at all levels of the organisation.

- **MEDICAL RULES & TECHNICAL RULES** – these are the set of standard rules to be used in conjunction with the IAAF Competition Rules for Little Athletic competitions and are essentially a list of modifications from the IAAF Rules.

- **AUSTRALIAN LITTLE ATHLETICS CHAMPIONSHIPS REGULATIONS** – this is a set of regulations specific to the Australian Little Athletics Championship competition.

**Note:** The *Standard Events & Equipment Specifications* section has been moved to the front of this document to highlight the *Standard Events for Little Athletics* as they have previously been lost in the back of this document.

**Little Athletics Standard Rules**

Little Athletics competitions in Australia are conducted in accordance with the Competition Rules of the IAAF currently in force with modifications provided for in these Rules.

Where it has been decided that the IAAF Rules are not indicative or correct for athletes in the standard age groups covered by Little Athletics Australia (LAA), the IAAF Rule or part thereof has been rewritten to reflect the nature and abilities of athletes in the various age groups.

Where a whole IAAF Rule or part of an IAAF Rule is modified, the modification will be listed.

That the following rules must be applied for all Competitions conducted within Little Athletics by Affiliated Associations and are applicable to the Standard Events of Australian Little Athletics. Except as otherwise provided in these rules, all competition will be conducted in accordance with the International Association of Athletics Federations (IAAF) rules of competition. The exceptions to the IAAF Rules stated in these rules have been modified to be age appropriate for children and young people from the age of Under 9 to Under 15.

Affiliated associations must seek written approval from the LAA BOD to modify the standard rules at affiliated competitions.

These rules apply to National and Association competitions. Please refer to your Association rules for local competition rules.

There are several rules relating to Affiliated Associations Championships and their processes which are not covered by IAAF and these have been listed in a separate document by each Association. Each LAA Association will be expected to adopt the LAA Standard Rules for Competition and may make Association-based additions to satisfy their local requirements.

For Athletes and Officials participating in competitions covered under these Rules, you will need to understand BOTH the IAAF Rules booklet and this document.
At any time where there is doubt about the application or interpretation of these rules, the benefit of that doubt shall be in favour of the athlete.

From time to time the IAAF, Athletics Australia, Little Athletics Australia and other bodies may release new versions of the Rules or Technical documents. The LAA National Technical Committee will first assess these changes and make recommendations to the LAA Board of Management and then will update these rules to reflect any changes if required.

Individual Association Grievance procedures will deal with any dispute related to competitions under these Rules where processes have been exhausted through these Rules.

NATIONAL TECHNICAL COMMITTEE

The National Technical Committee (NTC) is a committee with specific expertise and experience to administer the process of advice and direction where changes to the Technical Rules pertaining to competition are required.

Objectives
1. To ensure the LAA Technical Rules reflect the abilities and relevant skills of age groups.
2. To conform the LAA Technical Rules to the IAAF Technical Rules.
3. To establish changes in trends, materials and technology that may impact the Rules and participants well-being.

Structure
The NTC is made up of a representative from each of the seven affiliated LAA Associations, usually the Technical/Competition Director or similar. The NTC is chaired by the LAA Competition and Standards Director, and the Committee meet twice a year.

Procedure
1. All proposed Technical Rule changes will be reviewed by the NTC and any proposed changes for implementation will be presented for approval at the LAA biannual Conference.
2. Rules, once approved and confirmed, will be distributed to affiliated State Associations for dissemination to their members.
3. Proposed Technical Rule changes should be submitted to the LAA National Technical Committee for review prior to the bi-annual NTC meeting.
4. The body intending to propose a Technical Rule change can submit their proposal by either:

   Mail: National Technical Committee - Little Athletics Australia,
         Ground Floor, Athletics House,
         31 Aughtie Drive,
         Albert Park, VIC 3206

   Email: admin@littleathletics.com.au

5. The LAA National Technical Committee will acknowledge receipt of the submission and address it as soon as practical.

**ALAC Regulations 2019**

May 2018

Due to the Age Group determination changes from 2018/19, there have been some changes made to the ALAC Regulations for the 2019 ALAC only. The Regulations have been updated to reflect these changes and the regulations will revert to the current regulations, with some minor editorial changes made.

2019 ALAC change include:

- **ALAC** - Extended eligible athletes age cohort.
- **ATC** - team size increased to 32 athletes.
- **ATC** – up to 3 athletes per event.
- **ATC** - Point Scoring for trophies based on 3 athletes per event.
- **ATC** - Removal of consolation finals in events up to and including the 400m.
- **ATC** - Only winner of each heat plus next 5 fastest performances qualify for final for events up to and including the 400m.
- **ATC** - For field events, except High Jump, each athlete will have 3 trials and top 8 athletes will have one extra trial.
- **AMEC** - team size increased to 4 boys & 4 girls.
- **AMEC** - Point scoring for Life members trophy based on top 3 performances for each discipline.
LAA STANDARD EVENTS & EQUIPMENT SPECIFICATIONS

LAA RULE 600  STANDARD EVENTS

1. Little Athletics Australia shall determine a list of standard events for the Under 9 to Under 15 age groups. Such events and their specifications shall be listed in this document as Table 1 and must be offered by all Affiliated Associations in their Association Championship(s).

2. Little Athletics Australia shall determine a list of recommended Standard Events and Specifications for the Under 6 to Under 8 age groups and a list of events that must not be offered for those age groups at any level of competition. Such events and their specifications shall be listed in this document as Table 2 and Table 3.

3. Little Athletics Australia shall determine a list of recommended Standard Events and Specifications for the Under 16 and Under 17 age groups. Such events and their specifications shall be listed as Table 4.

4. Little Athletics Australia shall determine a maximum allowable distance to be offered for each age group for the conduct of Out of Stadia Cross Country races and Out of Stadia Road Race Walking at all level of competitions. Such events and their specifications shall be listed in this document as Table 5.

5. The maximum (individual leg) distance for track and height/weight specification for field within a relay event, must not exceed that age group’s individual maximum specification as listed in the Standard Event Table and/or the Recommended Standard Events Table(s).

6. Associations may, at their discretion, conduct additional events at State Championships or at any other level so long as they do not contradict what is listed in the Standard Events - Table 1.

7. Events deemed inappropriate for inclusion at all levels of competition by all affiliated Associations:
   - All events over 8km
   - Pole Vault
   - Hammer Throw
   - Steeplechase
   - All events, Track or Field, which are listed as not allowed at any level of competition in Table 1 - Standard Events

LAA RULE 601  GUIDELINES FOR TRIALLING AN EVENT

1. Ensure that all equipment and specifications are in strict accordance with that as advised by the LAA.

2. The trialist must only be the age and gender as specified suitable for the event. It is not permissible to “experiment” outside these specifications.

3. The trial must be conducted under normal conditions.

4. At all times, the appropriate safety considerations must be adopted.

5. The trial shall be conducted with the greatest number of athletes in each age/gender group(s) possible.

6. The trial shall be for a maximum of two years.

7. The following points are to be reported:
   - age, gender and number of athletes involved in each trial;
   - safety considerations;
   - event acceptance by athletes;
   - ability of athletes to learn and perform the event, level of skill attained;
   - compare those skill levels to other events if possible;
   - determine whether modifications etc. are required by consulting participating athletes/officials; and
   - final evaluation should give an overall judgement on the event as to its viability:
     - as an additional event;
     - to replace an existing event;
• not to be adopted for a particular gender/age group; or
• not to be adopted for any gender/age group.

**Note:** Australian Best Performance cannot be claimed when an event is classified as a Trial Event or Modified Trial Event. If the event or modification is adopted as standard by LAA, retrospective claims can be submitted for ratification.

MEDICAL RULES

RULE 53 MEDICAL / SAFETY SERVICES AT COMPETITIONS

IAAF Rules 53.4, 53.5 and 53.6 have been replaced by the following:

1. If on the advice of the Medical Officer:
   a) Further treatment is required; and/or
   b) The athlete should not compete further;

   The athlete should at that point be withdrawn from the event and, if required, further events. All results up to that point remain.

2. On advice from the Medical Officer to the appropriate Referee, an athlete may be removed from an event if they appear to be suffering from heat stress, an asthma attack or any other medical condition which poses a serious risk of injury.

3. Asthmatics should use their inhalers prior to the event if necessary and shall be allowed to take their inhalers to the event site. Asthma inhalers may be carried by an athlete during the event but must not be held in the hand.

4. If the inhaler is used after the event has commenced, the athlete is required to withdraw immediately and may not return to the event.

5. If following the application of Rules 53.2 and 53.3 the athlete returns to competition and suffers a further asthma attack, they shall be immediately removed from that and all other events and seek medical treatment.
**TECHNICAL RULES**

**SECTION I - OFFICIALS**

**RULE 113 MEDICAL DELEGATE**

*IAAF Rule 113 has been replaced by the following:*

1. A Medical Officer, with appropriate first aid or medical qualifications, should be appointed at each athletics competition.
2. A Referee may call the attending Medical Officer to examine any athlete in obvious stress or pain, due to illness or injury.

**RULE 119 JURY OF APPEAL**

*IAAF Rule 119 has been replaced by the following:*

1. The Appeal will be heard by the Jury of Appeal which will consist of a minimum of 3 members. Associations / Members directly involved in the Appeal are ineligible to sit on the Jury of Appeal. In the event there are less than 3 eligible Associations / Members to hear the Appeal, Executive member/s will form part of the Jury of Appeal (excluding the Competition and Standards Director at ALAC’s only).

**RULE 125 REFEREES**

*As per IAAF Rule 125 including the following:*

1. Separate Field Event Referees shall be appointed for jumps and throws.
2. It shall be the responsibility of a Referee to:
   a) Ensure that the field officials prepare and set up their respective areas and have them ready for inspection by the Referee a minimum of 15 minutes prior to the commencement of the first event of the day.
   b) Ensure that the rules are observed and explained to the athletes.
   c) Decide any technical points that arise during the competition, including those not covered by the rules
   d) Ensure the Chief Judges correctly supervise the measurement of performances.
   e) Upon completion of each event check and sign the final result sheet and immediately hand to the Recording Area.
   f) Verify that records have been correctly measured and verify High Jump record attempts are measured prior to trials being taken.
3. The appropriate Referee shall rule on any protest or objection regarding the conduct of the competition.
RULE 126 JUDGES

IAAF Rule 126.2 has been replaced by the following:

1. If place judges are used, then the following applies:
   a) The Place Judges determine the official placing’s when hand timing or gate timing is used. They may be used when a Photo Finish System is in use, but only as a back-up for system failure.
   b) Finishing posts should be painted white, be a minimum of 1.5m high and should be placed 20cm from the inside and outside edge of the track at the finish line.
   c) A Chief Judge will be appointed and will be responsible for allocating Place Judges for all placing’s.
   d) Sufficient judges shall be appointed for the number of athletes entered.

2. Place Judges shall:
   a) Decide the order in which the athletes finish
   b) Write down the lane number of the athlete they are placing. These numbers must be written down without the Judge taking their eyes off the finishers.
   c) Act independently from one another i.e. do not discuss placing.

3. The athletes shall be placed in the order in which any part of the torso (as distinguished from the head, neck, arms, legs, hands or feet) reaches the vertical plane of the nearer edge of the finishing line.

4. The Chief Judge will ensure that all athletes have been placed prior to advising the athletes of their placing.

5. The Chief Judge will notify the Chief Timekeeper or Gate Timing Operator when all Judges are ready for the next event.

6. The judges may reconsider any original decision made by them if it was made in error, provided the new decision is still applicable. Alternatively, or if a decision has subsequently been made by a Referee or the Jury of Appeal, they refer all available information to the Referee.

RULE 129 STARTER

As per IAAF Rule 129 including the following change to 129.2:

1. The Starter has entire control of the athletes on their marks and is the sole judge of any event connected with the start. Decisions by the Starter cannot be overruled by the Track Referee.
SECTION II - GENERAL COMPETITION RULES

RULE 140  THE ATHLETICS FACILITY

IAAF Rule 140 has been replaced by the following:

1. Where possible, the venue should comply with the specifications laid out within the IAAF Track & Field Facilities Manual.
2. Athletes and officials only are permitted on the Competition area. Athletes must leave the area immediately after the completion of their event.

RULE 141  AGE AND GENDER CATEGORIES

IAAF Rule 141 has been replaced by the following:

Age Categories

1. Little Athletics may be conducted in the age groups below.
2. Age groups shall be based on being under the specific age (with the exception of Tiny Tots) at 31 December in the calendar year in which the Little Athletics summer season commences.
   - Tiny Tots (children who have turned 3 years of age and who will be less than 5 years of age at 31 December in the calendar year in which the Little Athletics summer season commences) to participate in approved activities for the development of gross motor skills,
   - Under 6 – means five years of age as at midnight on 31 December that year
   - Under 7 – means six years of age as at midnight on 31 December that year
   - Under 8 – means seven years of age as at midnight on 31 December that year
   - Under 9 – means eight years of age as at midnight on 31 December that year
   - Under 10 – means nine years of age as at midnight on 31 December that year
   - Under 11 – means ten years of age as at midnight on 31 December that year
   - Under 12 – means eleven years of age as at midnight on 31 December that year
   - Under 13 – means twelve years of age as at midnight on 31 December that year
   - Under 14 – means thirteen years of age as at midnight on 31 December that year
   - Under 15 – means fourteen years of age as at midnight on 31 December that year
   - Under 16 – means fifteen years of age as at midnight on 31 December that year
   - Under 17 – means sixteen years of age as at midnight on 31 December that year

RULE 142  ENTRIES

IAAF Rule 142 has been replaced by the following:

Simultaneous Entries

1. Except for High Jump, where a clash of events occurs, the Chief Judge may allow the athlete to compete out of round and out of order in all rounds. It is not permitted for an athlete to have two or more consecutive trials, nor can an athlete demand to have a trial that has been missed.

   Note: The first three rounds of trials must be completed, and a final eight determined prior to any other subsequent rounds of trials being commenced.
2. For High Jump, where a clash of events occurs, the Chief Judge may allow the athlete to compete out of order. The athlete re-joins the competition at the current height of the bar.

**RULE 143**  CLOTHING, SHOES AND ATHLETE BIBS

*IAAF Rules 143.2, 143.3 and 143.4 have been replaced by the following:*

**Footwear**

1. Appropriate footwear is compulsory for all athletes in all events
2. No athlete may wear football boots or cleats in any event
3. Athletes in the U9 - U10 age group may not wear spike shoes.
4. Athletes in the U11 - U12 age group may wear spike shoes in events run entirely in lanes, long jump, triple jump, high jump and javelin.
5. Athletes in the U13 - U15 age groups may wear spike shoes in all track events except walks. Spike shoes may also be worn for long jump, triple jump, high jump and javelin.
6. All spike shoes must be worn with all holes filled with a complete set of spikes, with no more than two blanks/slugs installed.
7. Spike shoes cannot be worn outside the defined “Field of Play” unless all spikes are suitably covered.
8. Any number of spikes up to 11 may be accommodated on each shoe, but the number of spike positions shall not exceed 11
9. Spike length (subject to any further constraint from ground policies):
   a) Synthetic - Track - 7mm maximum
   Long Jump / Triple Jump / High Jump / Javelin - 9mm maximum
   b) Grass - Track / Long Jump / Triple Jump / High Jump / Javelin - 12mm maximum

**RULE 144**  ASSISTANCE TO ATHLETES

*IAAF Rule 144.3(b), 144.3(e), 144.4(a) and 144.4(b) have been replaced by the following:*

1. The use by athletes of music devices, mobile phones or similar devices in the competition area shall not be permitted [Rule 144.3 (b)].
2. For the purpose of this rule the following shall not be considered as unfair aid or assistance to an athlete:
   a) Verbal or other communication, without the use of a technical device, to or from an individual who is not in the competition area (e.g. a coach). [Rule 144.4 (a)]
   b) A hands-on medical examination during the progress of an event by the Medical Officer(s) designated by the Organising Committee, provided that it does not delay the conduct of the competition or an athlete’s trial in the designated order. [Rule 144.4 (b)]
3. Coaching by officials at an event is not permitted. It shall not be considered coaching for an official to provide factual feedback to an athlete after a trial in a field event e.g. where the athlete’s foot landed in relation to the take-off area in the long jump. [Rule 144.3 (e)]

**RULE 145**  DISQUALIFICATION

*IAAF Rule 145 has been replaced by the following:*

1. The appropriate Referee (or Association equivalent) will speak to an athlete who displays unacceptable or unsporting behaviour. Any repetition of that behaviour will result in the athlete being disqualified.
2. If the offence is of a serious nature immediate disqualification may occur.
3. The Meeting Manager shall notify the athlete’s nominated Association representative of the
behaviour and outcome.

**RULE 146 PROTESTS AND APPEALS**

*IAAF Rules 146.2, 146.4, 146.5 and 146.10 have been replaced by the following:*

1. Protests must be made by the Team Manager, in writing, on the approved protest form within 15
   minutes of the official results being posted. The organising committee shall be responsible for
   recording the time of posting. The protest must be handed to the Announcer (or other designated
   area), accompanied by a deposit of an amount as set by the Host Association.
2. When a protest is lodged with the Announcer (or other designated area), the name of the protesting
   Association / Member and the reason for the protest is to be notified to all team managers and the
   main recording room.
3. One of two types of reasons will be notified – either on a technicality or on the judges’ decision.
4. The decision will be conveyed to the relevant Team Manager/Managers prior to being notified to the
   Team Managers of the other Associations / Members. The notification shall be either - dismissed,
   upheld or sent to Jury of Appeal.
5. There shall be a “Right of Appeal” to the Jury, which must be lodged within 15 minutes after the
   notification of the decision. The Appeal must be in writing and lodged with the Announcer (or other
   designated area).
6. All Team managers will be notified that an Appeal has been lodged.
7. To arrive at a fair decision, the Jury of Appeal only, may consult all available evidence including video
   evidence however video will not be considered for any breaches of technical rules for Race Walking.
8. The decision will be conveyed to the relevant Team Manager/Managers prior to being notified to the
   Team Managers of the other Associations / Members. The notification shall be either – dismissed or
   upheld.
9. The protest fee as set by the Host Association will be refunded if the protest is upheld by either the
   Referee or the Jury of Appeal. In the event that the protest is dismissed the fee will not be refunded.
   In the event that the protest is deemed frivolous by the Jury of Appeal, the fee will not be refunded.
10. Additional individual local Association rules may apply for Association events.

**On-Field Protests (Field Events only)**

11. If an athlete in the U13-U15 age groups makes an immediate oral protest against having an attempt
    judged as a failure, the Referee and/or Chief of the event may, at his discretion, order that the
    attempt be measured and the result recorded, in order to preserve the rights of all concerned. At the
    end of the round the Referee will adjudicate on the protest.

**RULE 148 MEASUREMENTS**

*IAAF Rule 148 has been replaced by the following:*

1. The Judges shall judge, measure and record each valid trial of the athletes.
2. All measurements shall be made immediately after each valid trial.
3. Where possible, all measurements must be made using Electronic Distance Measuring (EDM). Steel
   tape is no longer required to measure an Australian record when EDM is used, calibrated and the
   usual checks are done to confirm accuracy both prior to and after the completion (the operators
would normally do this). When EDM is not available, a fibreglass or steel tape measure graduated in centimetres, or a graduated bar for high jump, should be used.

4. In measuring all field events, except the High Jump, the zero end of the tape or EDM prism should be placed at the nearest edge of the mark where the implement first lands or where the athlete makes a mark in the pit closest to the take-off.

5. Distances shall always be recorded to the nearest centimetre (0.01m) below the distance measured if the distance measured is not a whole centimetre.

6. In High Jump all measurements shall be made, in whole centimetres, perpendicular from the ground with a steel or fibreglass measuring bar to the lowest part of the upper (top) side of the bar.
SECTION III - TRACK EVENTS

RULE 161  STARTING BLOCKS

IAAF Rule 161 has been replaced by the following:

1. Starting blocks may be used by athletes in the U11 and above age groups for all races up to and including the 400 metres (including the first leg of all relays).
2. Personal starting blocks are not permitted where starting blocks are provided either by the venue or the Organising Committee for the Competition.
3. This rule will not apply where it contravenes any rule(s) made by the Venue Manager on the use of starting blocks. Any advice issued by the Venue Manager must be in writing on an official letterhead.

RULE 162  THE START

IAAF Rule 162 has been replaced by the following:

1. Before the start signal is given, the Starter shall ascertain that the timing system and judges are ready.
2. In races run entirely in lanes the Starter shall make the following commands: ‘On your marks’, ‘Set’, and the firing of the gun.
3. Once the command ‘On your marks’ has been given, late athletes are not permitted to join the event.
4. In events run entirely in lanes, on the command of ‘On your marks’ all athletes shall approach the starting line. When all athletes are steady the Starter issues the command ‘Set’, upon which the athletes shall assume the position from which they will commence the race. When all athletes are again steady the Starter shall fire the gun to commence the race.
5. In races not run entirely in lanes the Starter shall make the following commands: ‘On your marks’, and the firing of the gun.
6. In events not run entirely in lanes, on the command ‘On your marks’ all athletes shall approach the starting line and assume the position from which they will commence the race. When all athletes are steady the Starter shall fire the gun to commence the race.
7. No athlete may place any part of their body on the ground on or over the starting line when they are ‘on their-marks’. Where a crouch start is used by the first runner of a relay race the baton may touch the ground in front of the start line, providing the preceding rules are met.
8. If for any reason the Starter has to speak to any athlete after the athletes are ‘on their marks’, the Starter shall order the athletes to stand up and the Starter’s Assistant shall place them on the assembly line again.

False Starts

9. If either the Starter or their Assistant(s) are of the opinion that the start was not a fair one, they shall recall the athletes by firing a gun. If the unfair start is not due to any athlete, no warning shall be given.
10. If the Starter is of the opinion that an athlete left their mark with hand or foot after the words ‘Set’ (in events run entirely in their lane) or ‘On your marks’ (in events not run entirely in their lane) and before the gun is fired, it shall be considered a false start.
11. An athlete, who after the command ‘On your marks’ disturbs other athletes in the race through sound or otherwise, may be considered to have committed a false start.
12. If an athlete fails to comply with the ‘set’ command after a reasonable time this may constitute a false start.
13. Any athlete who commits a false start shall be warned. If an athlete is responsible for 2 false starts, or 3 in the case of multi events, they shall be disqualified from the event. (Refer to local Association rules)

**Starting Techniques**

14. Athletes may use a standing start for all track events. Where a standing start is used, an athlete who, immediately after the command “set”, moves their foot to take up their final starting position shall be deemed to have complied with the rules of starting.

15. In races run entirely in lanes the following starting methods may be used:
   - a) In a crouch start, the athlete’s feet must touch the starting blocks (if in use) and both hands must touch the ground. At the call of ‘On your marks’ the athlete must have one knee placed on the ground. At the call of ‘Set’ the athlete must raise the knee off the ground.
   - b) In a standing start, no part of the hand or knee shall touch the ground.

16. In races not run entirely in lanes only a standing start may be used.

**RULE 163 THE RACE**

*With the exception of IAAF Rule 163.1 and 163.4, IAAF Rule 163 has been replaced by the following:*

**Obstruction**

1. Any athlete who jostles or obstructs another athlete, so as to impede their progress, shall be liable to disqualification from that event. The Referee shall have the authority to order the race to be re-held excluding any disqualified athlete or, in the case of heats, to permit any athlete/s seriously affected by jostling or obstruction (other than the disqualified athlete) to compete in the final of the event. Normally, such an athlete should have completed the event with bona fide effort. Regardless of whether there has been a disqualification, the Referee, in exceptional circumstances, shall also have the authority to order the race to be re-held if they consider it just and reasonable to do so.

**Lane Infringement**

2. In all races run in lanes, each athlete shall keep within their allocated lane from start to finish. This shall also apply to any portion of a race run in lanes. If the Referee is satisfied that an athlete has violated this Rule, they:
   - a) In the U9-U11 age group: May be disqualified if a material advantage was gained over other athletes
   - b) In the U12-U15 age groups: Shall be disqualified.

3. The following events shall be conducted entirely in lanes: 70m, 100m, 200m, 400m, 4x100m relay and all hurdles races.

4. The 800m shall be run in lanes as far as the near edge of the break-line marked after the first bend where athletes may leave their respective lanes. Up to two athletes may start the race in each lane.

5. The 1500m, 1100m and 700m Race Walks and the 1500m shall not be run in lanes.

**Check-Marks**

6. Except for the 4x100m relay as provided in Rule 170.10, athletes may not place check marks on or alongside the track for their assistance.
RULE 165  TIMING AND PHOTO FINISH

IAAF Rule 165.1, 165.8, 165.14, 165.23, 165.24 and 165.25 have been replaced by the following:

1. Three alternative methods of timekeeping shall be recognised as official within Little Athletics:
   a) Fully Automatic Timing obtained from a Photo Finish System
   b) Hand Timing
   c) Gate Timing System

Hand Timing

8. Sufficient timekeepers shall be appointed for the number of athletes entered; one shall be the Chief Timekeeper. The Chief Timekeeper shall allocate separate Timekeepers to record each of the minor places and where possible, shall allocate additional Timekeepers for second and third placing’s.

Fully Automatic Timing and Photo Finish System

14. The System must record the finish through a camera with a vertical slit, positioned in the extension of the finishing line, producing a composite image. The image must also be synchronised with a uniformly marked time-scale graduated in 1/100th of a second.

23. Times shall be read and recorded from the Photo Finish image to 1/100th of a second. Unless a time is an exact 1/100th of a second, it shall be read and recorded to the next longer 1/100th of a second.

Gate Timing System

24. a) The System shall be a commercially produced system and be checked/calibrated with a certificate supplied on a 12 monthly basis.
   b) The System shall be started either automatically by the Starter’s gun or manually at the smoke or flash of the Starter’s gun.
   c) The System must automatically record a time through the breaking of at least two adjacent infrared beams positioned on the leading edge of the finish line. The beams should be positioned at an appropriate height so that the athlete’s torso is the most likely part of the body to break the beam.
   d) The System must be capable of printing out the time for each lane.
   e) Judging of the race shall take place as per Rule 126. The time recorded for each lane shall only be referred to in the determination of places in cases of doubt, and then only at the discretion of the Chief Judge.
   f) Times from the Gate System shall be regarded as official unless for any reason the appropriate official decides that they obviously must be inaccurate. If such is the case, the times of the back-up Timekeepers, if possible adjusted based on information on time intervals obtained from the Gate System printout image, shall be official. Any appropriate back-up system should be appointed where any possibility exists of failure of the timing system.
   g) Where the system is started and/or finished manually, the time shall be recorded to the 1/10th of a second. Unless a time is an exact 1/10th of a second, it shall be recorded to the next longer 1/10th of a second.
   h) Where the system is started and finished fully automatically, the time shall be recorded as an electronic time with no adjustment.
RULE 166  SEEDING’S, DRAWS AND QUALIFICATION IN TRACK EVENTS

IAAF Rule 166 has been replaced by the following:

Lane and Heat Draws
1. For track events where more than one round will be applied; and if Best Performances are provided athletes shall be seeded in heats using a zigzag distribution method. If no Best Performances are provided, athletes will be randomly drawn into heats.
2. For track events where only one round of competition is applied, and progression is not necessary; and if Best Performances are provided, athletes shall be seeded slowest to fastest. If no Best Performances are provided, athletes will be randomly drawn into heats.
3. Lanes for heats shall be randomly drawn.
4. Where there are more lanes available than athletes in a heat the inside lane should always remain free.

Progression to Finals
5. The following athletes shall progress to the final in their event:
   a) 2 heats: 1st, 2nd and 3rd in each heat plus the next 2 fastest times
   b) 3 heats: 1st and 2nd in each heat plus the next two fastest times
   c) 4 or more heats: 1st in each heat with the remaining lanes filled by the next fastest times
6. In 800m events where there is more than one athlete per lane, progression from heats to finals will be at the discretion of the organising committee.
7. Where there is a tie in determining the next fastest times, if possible both athletes shall progress through to the final. Failing that, the higher placed athlete in their heat shall progress. If the tie still remains, a random process with equal probability (e.g. a coin toss) shall be used to determine progression.
   Note: Where the venue has nine or more lanes, the Competition organiser shall have the discretion to allow nine or more athletes to contest the final of an event. In such cases Rule 166.6 shall be modified by increasing the number of athletes qualified due to the ‘next fastest times’ as appropriate.

Lane Draw for Finals
8. Following the running of the heats, athletes shall be ranked on the following basis:
   a) Fastest heat winner, second fastest heat winner, etc.
   b) Fastest 2nd place in heat, second fastest 2nd place in heat, etc.
   c) Concluding with: Fastest next qualifier, second fastest next qualifier
9. Using the rank determined in Rule 166.7, a random draw of the priority lanes shall occur amongst the top four ranked athletes and a random draw of the non-priority lanes shall occur amongst the remaining athletes.
10. On an eight lane track the priority lanes are 3, 4, 5 and 6, whilst on a nine lane track they are 4, 5, 6 and 7.
11. Competition organisers may, at their discretion, conduct two random draws for the non-priority lanes, with the 5th and 6th ranked athletes being drawn for the outside two lanes of the track and the 7th and 8th ranked athletes being drawn for the inside two lanes of the track.
12. Where there are more lanes than athletes, the inside lane should always remain free.
RULE 168 HURDLE RACES

IAAF Rule 168.1, 168.3, 168.5 and 168.9 have been replaced by the following:

1. All hurdles shall comply with the specifications set out within Australian Little Athletics’ Standard Events
2. Hurdles must be of the collapsible type. (Collapsible type means when a hurdle is knocked down it lays flat on the track without any part of the hurdle protruding).

*Note: Hurdles must be transitioned to the collapsible type by 2020 (commencement of 2019/2020 season)*

RULE 170    RELAY RACES

With the exception of IAAF Rules 170.6(b) and 170.9, IAAF Rule 170 has been replaced by the following:

Takeover Zone

1. In the 4 x 100m, each takeover zone shall be 30m long, of which the scratch line is 20m from the start of the zone. The zones shall start and finish at the edges of the zone lines nearest the start line in the running direction.

2. For each takeover conducted in lanes, a designated official shall ensure that the athletes are correctly placed in their takeover zone and are aware of any applicable acceleration zone. The designated official shall also ensure that Rule 170.6 is observed.

Note: Unless a track has been specifically marked for 30m takeover zones, the existing line marked on the track to denote the acceleration line shall be used as the incoming zone line.

The Race

3. No athlete may run two sections for a team.

4. The baton must be carried by hand throughout the race.

5. If dropped, the athlete who dropped the baton must recover it. The athlete may leave their lane to retrieve the baton. Provided this procedure is adopted and no other athlete is impeded, dropping that baton shall not result in disqualification.

6. Should any athlete wilfully impede a member of another team by running out of their lane at the finish of their leg they are liable to cause the disqualification of their team.

Check Marks

7. Athletes may place one check mark on the track within their own lane using adhesive tape (except where this contravenes any rule(s) made by the venue management) of maximum dimensions 5mm x 40mm. Use of chalk or similar substances is prohibited.

Baton Changes

8. Within the take-over zone, it is only the position of the baton that is decisive and not the position of the body or the limbs of the athlete.

9. Athletes should remain in their lanes after handing over the baton, until the course is clear.
10. The baton specifications are as follows:

SECTION IV - FIELD EVENTS

RULE 180  GENERAL CONDITIONS – FIELD EVENTS

With the exception of IAAF Rules 180.1, 180.2, 180.3(b) and 180.17, IAAF Rule 180 has been replaced by the following:

Markers
1. An athlete may place alongside the runway 1 or 2 markers (supplied or approved by the organisers) to assist them in their run-up and take-off.
2. The use of sharp or pointed markers or anything considered dangerous by the Referee will be prohibited.

Competition Order
3. The order in which athletes shall take their trials shall be drawn randomly
4. In all events, except for the High Jump, where there are more than 8 athletes, each athlete shall be allowed 3 trials and the 8 athletes with the best valid performances may be allowed additional trials
5. In the event of a tie (after a count-back) for the 8th place, any athletes so tying may also be allowed the additional trials. (Tying means, in this case achieving the same distance).
6. Where there are 8 athletes or fewer, each athlete shall be allowed all applicable trials regardless of the number of failures recorded.
7. The competing order for any additional trials shall be in the reverse ranking order recorded after the first 3 rounds of trials.
8. In all events except for High Jump, each athlete shall have a minimum of 3 trials and no more than 6 trials.

Commencement of Competition
9. Competition commences with the first trial in the first round.
10. The trials shall commence when the Official responsible indicates to the athlete that all is ready for the trial to begin, and the athlete is called.
11. The period allowed for this trial shall commence from that moment.
12. A round commences when the first athlete eligible to compete in the round commences their trial.
13. A round is complete when the last athlete eligible and present to compete in the round completes their trial.

Completion of Trial
14. Throws - a trial is complete when the athlete leaves the circle (discus and shot put) or runway (javelin).
15. Long & Triple Jump - a trial is complete when the athlete leaves the landing pit.
   
   Note: leaving the pit is defined as the first contact made by the foot with the border or ground outside the landing area.
16. High Jump - a trial is complete when the Chief Judge designates a “fair/fail jump”.

Completion of Competition
17. High Jump - the high jump is complete when the last remaining athlete fails or decides to stop.
18. All other events are complete when the last round is completed.
**Note:** The number of rounds in a competition must be clearly stated at the start of the competition and where possible indicated in the program.

**Failure**
19. In all field events if an athlete incurs a failure, they will be told the reason for the failure at the completion of the trial.

**Substitute Trials**
20. If, for any reason, an athlete is hampered in a trial in a field event, the Referee shall have the power to award that athlete a substitute trial.

**Delay**
21. A time warning may be given to an athlete. Such a warning is indicated by a raised yellow flag, which is kept raised for the last 15 seconds prior to the disallowing of a trial for exceeding the time limit.

**Absence during competition**
22. Any athlete who leaves the immediate event area (as defined prior to the commencement of the competition by the Chief Judge or Referee) without permission, may be cautioned by the Chief Judge and warned that any repetition, may result in them being excluded from further participation in that event. The Referee may make the decision to disqualify the athlete. Any performance up to the time of a disqualification shall stand.

**Change of competition area**
23. Referees shall have the power to change the place of the competition in any field event, if in their opinion the conditions justify a change.
24. Such a change shall be made only after a round is completed.
25. If a change is required because conditions are dangerous, then the round shall be restarted.

**Results**
26. Upon completion of each event the final result sheet shall be checked and signed by the Referee and immediately handed to the recording area and/or Key site official.

**Ties**
27. In all field events, except for High Jump:
   a) The 2nd best performance of the athletes tying shall decide the tie. If a tie remains, the 3rd best and so on
   b) If athletes in field events are tied for any place after all count backs have been applied, then equal placing will be declared
28. High Jump ties:
   a) The athlete with the lowest number of jumps at the height at which the tie occurs shall be awarded the higher place
   b) If the tie remains, the athlete with the lowest total of failures throughout the competition up to and including the height last cleared shall be awarded the higher place.
   c) If the tie remains the athletes shall be awarded the same place in the competition. There is no jump-off for placing’s.
   d) If the result determines progression to the next level of competition, then a jump off should take place. This jump off will not affect placing’s.

**Measuring**
29. The Judges shall judge, measure and record each valid trial of the athletes.
30. All measurements shall be made immediately after each valid trial.
31. Where possible, all measurements must be made using Electronic Distance Measuring (EDM). Steel tape is no longer required to measure an Australian record when EDM is used, calibrated and the usual checks are done to confirm accuracy both prior to and after the competition (the operators would normally do this). When EDM is not available, a fibreglass or steel tape measure graduated in centimetres, or a graduated bar for high jump, should be used.

32. In measuring all field events, except the High Jump, the zero end of the tape or EDM prism should be placed at the nearest edge of the mark where the implement first lands or where the athlete makes a mark in the pit closest to the take-off.

33. Distances shall always be recorded to the nearest centimetre (0.01m) below the distance measured if the distance measured is not a whole centimetre.

34. In High Jump all measurements shall be made, in whole centimetres, perpendicular from the ground with a steel or fibreglass measuring bar to the lowest part of the upper (top) side of the bar.

---

RULE 182 HIGH JUMP

IAAF Rule 182.2(a), 182.3, 182.4, 182.5, 182.7 and 182.10 have been replaced by the following:

Safety
1. The Chief Judge (or Association equivalent) shall ensure that the landing area is satisfactory and that the uprights and cross bar are in good condition
2. The Chief Judge (or Association equivalent) shall have the power to caution any athlete using an unsafe technique, and if necessary, not allow the athlete to continue further in the event.

Validity of Jumps
3. An athlete may commence jumping at any height above the minimum height and may jump at their own discretion at any subsequent height. 3 successive failures, not necessarily at the same height, disqualifies the athlete from competing further.
4. The effect of this rule is that an athlete may forego their 2nd or 3rd jumps at a particular height (after failing 1st or 2nd time) and still jump at a subsequent height.
5. If the bar falls off without having been knocked by the athlete (e.g. due to strong wind) the athlete is not penalised.

Measuring
6. Before the commencement of the competition the Judge shall announce to the athletes the starting height and the subsequent heights to which the bar has been raised at the commencement of each round.
7. The height of the crossbar should be checked at both ends to confirm it is horizontal and, in the centre, to confirm the correct height.
8. In the case of a sagging crossbar measurement is made from the ground perpendicular to the upper edge of the crossbar at the point where it is lowest.
9. In the case of records, the Referee and Chief Judge must check the measurement when the crossbar is placed at the record height. They must recheck the measurement before each subsequent record attempt, if the crossbar has been disturbed since last measured.
10. Even after all other athletes have failed an athlete is entitled to continue until they forfeit their right to compete further.
11. The heights to which the crossbar is raised shall be decided after consulting with the athlete
12. Each athlete shall be credited with the best of all their jumps, subject to the conditions relating to ties.
Increments
13. It is recommended that the bar be raised by 5cm increments until there are six or fewer athletes remaining and by increments of 2cm thereafter until only one athlete remains. When only one athlete remains, that athlete may choose the increments.

Measurement of Run In
14. Once the competition starts, athletes may only re-measure their run up with the permission of the Chief Judge. This re-measurement must be done within the allocated time for the athletes’ time for the trial. The athlete may touch the upright or bar, but should the bar be dislodged, a failure must be recorded for that trial.

Age Restrictions
15. Under 9 will be the starting age group for High Jump at Association level competitions in all Affiliated Associations.

16. The Scissor technique will be the only allowable technique performed in High Jump for the Under 8, Under 9 and Under 10 age groups at all levels of competition.

It shall be a valid scissor jump if all other relevant high jump rules are adhered to, and:

a) The head of the athlete does not go over the bar before the leading foot (the foot of the leg closest to the bar at take-off);

b) The head of the athlete is not below the buttocks when the buttocks clear the bar, and

c) The athlete’s lead foot touches the mat before any other part of the body.

17. All athletes in the Under 11 and above age groups will have the option to use any legal jumping technique where flop mats are provided at all levels of competition.

Minimum Height for mats
18. The height for scissor mats at all competition levels and in all Affiliated Associations will be between 150mm and 300mm with minimum dimensions of 5m x 3m

19. The minimum height for flop mats at all competition levels and in all Affiliated Associations will be 400mm with minimum dimensions of 5m x 3m.

Note: LAA recommends that 500mm mats or higher be the preferred height.

Commencement of 2019/2020 season.

RULE 184 GENERAL CONDITIONS – HORIZONTAL JUMPS

IAAF Rule 184 has been replaced by the following:

1. The long jump runway and pit shall comply with the specifications set out within the IAAF Track & Field Facilities Manual, except as modified within this section.

Runway
2. Where possible the length of the runway shall be at least 40m. There is no limitation on the maximum length of the runway.

Take-off Board
3. Only one type of take-off area shall be used in competition:

a) U9-U10: A 0.5m x 1.22m mat covered with damp sand, soft earth or any similar materials where the foot imprint can be observed.
b) U11-U15: A 0.2m x 1.22m area, consisting of either a board sunk level with the runway, or painted on to the runway. Where possible, a strip of plasticine or other suitable material (e.g. damp sand) may be placed immediately beyond the take-off line, to a maximum height of 7mm. Where a board or painted take-off area is not available a mat may be used.

**Distance Measurement**

4. U9-U10:
   a) Where any part of the athlete’s foot lands on the take-off area, the jump will be measured as the shortest distance from the nearest break in the landing area made by any part of the body or limbs to the imprint made in the take-off area by the take-off foot.
   b) Where no part of the athlete’s foot lands in the take-off area, the jump will be measured from the nearest break in the landing area made by any part of the body or limbs to the edge of the take-off area furthest from the landing area, or its extension. The measurement must be taken perpendicular to the back of the mat or its extension.

5. U11-U15:
   a) The jump shall be measured as the shortest distance from the nearest break in the landing area made by any part of the body or limbs to the front edge of the take-off area.
   b) The measurement must be taken perpendicular to the take-off area or its extension.

**Run Up Measurement**

6. Once the competition starts, athletes may only re-measure their run up with the permission of the Chief Judge. This further re-measurement must not be made on the runway, except where the Chief Judge deems the outsides of the runway unsafe.

**Failure**

7. In the Long Jump and the Triple Jump, it shall be counted as a failure if:
   a) Any part of the mark made by the athlete’s take-off foot protrudes over the front edge of the take-off area.
   b) If an athlete takes off before reaching the take-off area it shall not, for that reason, be counted as a failure.
   c) In the course of landing, the athlete touches the ground outside the landing area nearer to the take-off than the nearest break in the landing area made by the jump.
   d) When leaving the landing area, an athlete’s first contact with the border or ground outside is nearer the take-off line than the nearest break in the sand made on landing.
   e) After landing, the athlete walks back through the landing area without first correctly exiting the pit.
   f) An athlete takes off from outside either end of the take-off area, whether beyond or before the extension take-off line.
   g) Any sort of somersaulting is used

---

**RULE 186  TRIPLE JUMP**

*IAAF Rule 186.3, 186.4 and 186.5 have been replaced by the following:*

1. In the Triple Jump, the take-off lines shall be in whole metre increments from the edge of the pit. The Organising Committee for the Competition shall determine the take-off lines to be used for each event, prior to the commencement of the Competition.
2. Athletes may change their take-off board as many times as they wish, as long as they notify the officials at the event, prior to each jump.
   
   **Note:** Rule 184.7(c) does not apply to the normal landing from the hop and step phases.
RULE 187  GENERAL CONDITIONS – THROWING EVENTS

With the exception of IAAF Rules 187.15 and 187.18, IAAF Rule 187 has been replaced by the following:

**Note:** As per Competition Motion 5 of the 2016 LAA October Conference, from October 2018 the following four implement weights will change to align to School Sports Australia weights for the same age groups: *Discus: Boys U11B – 500g, Boys U13B – 750g, Girls U11G – 500g*  
*Shot Put: Boys U12B - 2kg*

1. All implements shall conform to the specifications set out with Little Athletics Australia Standard Events.
2. All implements shall be provided by the organisers of the Competition.
3. No athlete is allowed to use any other implements, or to take them on to the competition area.

**Personal Safeguards and Assistance**

4. No device of any kind (e.g. taping of fingers or hand), which in any way assists an athlete when making a throw, shall be allowed except for:
   a) Shot Put: In order to protect the wrist from injury, an athlete may wear a bandage at the wrist.
   b) Discus and Javelin: The use of tape on the wrist will only be allowed upon the production of a doctor’s certificate or authority given by the Medical Officer.
   c) Javelin: An athlete may wear elbow protection.
   d) The use of tape on the hand to cover an open cut.
5. In order to obtain a better grip, athletes in throwing events are permitted to use an adhesive substance on their hands only.
6. An athlete may not spray or spread any substance in the throwing circle.
7. In order to protect the spine from injury, an athlete may wear a belt of leather or other suitable material.
8. Once the competition has begun, athletes are not permitted to use the circle or ground within the sector for practice trials, with or without implements

**Throwing Area and Landing Sector**

9. The dimension of the circles used for Shot Put and Discus, and the runway used for Javelin, shall conform to the specifications set out in the IAAF Track & Field Facilities Manual.
10. The landing sector should be extended well in excess of the best thrower.

**Record Markers**

11. In competitions where an Australian Best Performance or a State Best Performance can be broken, markers may be placed to indicate the current ratified records. When record markers are used they should be placed outside the sector. (Refer to local Association rules)

**Validity of Throws**

12. In throwing events from a circle:
   a) An athlete must commence the throw from a stationary position.
   b) The athlete is allowed to touch the inside of the iron band of the circle or stop board.

13. It shall be a failure if the athlete, after entering the circle and commencing to make a throw, touches with any part of the body to top of the circle or the ground outside or improperly releases the implement in making the attempt.

   *Note: It, however, will not be considered a failure if the touch happens during the rotation, backward of the white line which is drawn outside the circle running, theoretically, through the centre of the circle.*

**Interruption of a Trial**

14. It is not a failure if an athlete drops an implement and it does not touch the ground outside the throwing circle or runway, provided no other rule is breached.

15. In the case of Rule 187.14 above, the athlete can retrieve the implement and continue the trial within the allocated time.

16. If the implement touches the ground outside the circle or runway it becomes a failure.

**Measurements**

17. All measurements shall be made immediately after each valid trial.

18. The measurement of each throw will be made from the nearest mark made by the fall of the implement to the inside of the circumference of the circle, along a line from the mark to the centre of the circle.

19. For a valid trial, the implement must fall completely within the inner edges of the landing sector.

20. In Javelin the measurement of each throw will be made from where the tip of the javelin first struck the ground, to the inside edge of the arc, with the tape being pulled through the point 8m back on the run-up, that being the centre of the circle of which the arc is a part.

---

**RULE 188  SHOT PUT**

IAAF Rule 188.5 has been replaced by the following:

1. The shot shall be made from solid metal and conform to these specifications:

**RULE 189  DISCUS THROW**

*IAAF Rule 189 has been replaced by the following:*

1. The discus shall conform to the dimensions shown in the diagrams below and shall be made from rubber or synthetic compound, or wood or synthetic compound with a metal rim.

| Minimum Weight for admission to competition and acceptance of a Record: |
|------------------|-----------------|-----------------|
|                  | 500g            | 750g            | 1.000kg         |
| **Outside Diameter of Metal Rim:** |                  |                  |                 |
| Minimum          | 130mm           | 154mm           | 180mm           |
| Maximum          | 136mm           | 156mm           | 182mm           |

| **Diameter of metal plate or flat centre area:** |                  |                  |                 |
| Minimum          | 30mm            | 35mm            | 50mm            |
| Maximum          | 36mm            | 42mm            | 57mm            |

| **Thickness of metal plate or flat centre area:** |                  |                  |                 |
| Minimum          | 22mm            | 26mm            | 37mm            |
| Maximum          | 27mm            | 30mm            | 39mm            |

| **Thickness of rim (6mm from edge):** |                  |                  |                 |
| Minimum          | 12mm            | 12mm            | 12mm            |
| Maximum          | 13mm            | 13mm            | 13mm            |

**RULE 190  DISCUS CAGE**

*With the exception of IAAF Rule 190.1, IAAF Rule 190 has been replaced by the following:*

1. The cage should be designed, manufactured and maintained so as to stop the discus so there is no danger of it ricocheting off fixed members of the cage, back towards the athlete or over the top of the net.

2. The breaking strain should be at least 40kg.
RULE 193  JAVELIN THROW

With the exception of IAAF Rule 193.1(a) and 193.2, IAAF Rule 193 has been replaced by the following:

1. The javelin shall conform to the following specifications:

| Minimum Weight for admission to competition and acceptance of a Record (inclusive of the cord grip): |
|-----------------------------------------------|---|---|---|---|
| 400g | 500g | 600g | 700g |
| Overall Length (L0): |
| Minimum | 1.850m | 2.000m | 2.200m | 2.300m |
| Maximum | 1.950m | 2.100m | 2.300m | 2.400m |
| Distance from tip of metal to centre of gravity (L1): |
| Minimum | 0.750m | 0.780m | 0.800m | 0.860m |
| Maximum | 0.800m | 0.880m | 0.920m | 1.000m |

2. The sector may be accurately laid out by making the distance between the two sector lines 20m at a point 40m distance from the centre of the throwing arc along one of the sector lines.

3. A throw shall be valid only if the metal head strikes the ground before any other part of the javelin. The javelin is not required to stick in the ground.

4. For a valid throw, the tip of the javelin must fall completely within the inner edges of the landing sector.

5. It shall be a failure if the athlete, after starting their throw, touches with any part of their body or limbs, the lines marking the runway, the ground outside the runway, or crosses the throwing arc marking the end of the runway.

6. It is not a failure if the end of the javelin touches the ground during the run up.

7. At no time during the throw, until the javelin has been discharged into the air, may the athlete turn completely around, so that their back is towards the throwing arc.

8. It shall be a failure if the athlete leaves the runway before the implement has touched the ground, or if, when leaving the runway, the athlete’s first contact with the parallel lines or the ground outside the runway is not completely behind the white lines of the arc or the lines drawn from the extremities of the arc at right angles to the parallel lines. Once the implement has touched the ground, an athlete will also be considered to have left the runway correctly upon making contact with or behind a line (painted, or theoretical and indicated by markers beside the runway) drawn across the runway, four metres back from the end points of the throwing arc. Should an athlete be behind that line and inside the runway at the moment the implement touches the ground, he shall be considered to have left the runway correctly.

9. An athlete may interrupt a trial once started, may lay the implement down inside or outside the runway and may leave the runway (as required above), before returning to the runway to continue their throw within the time limit.
SECTION V - COMBINED EVENTS COMPETITION

RULE 200  COMBINED EVENTS COMPETITIONS
Please refer to local Association Rules.

SECTION VII - RACE WALKING EVENTS

RULE 230  RACE WALKING
IAAF Rule 230 has been replaced by the following:

Definition of Race Walking
1. The advancing leg shall be straightened (i.e. not bent at the knee) from the moment of first contact with the ground until the vertical upright position

   Note: The advancing foot of the walker must make contact with the ground before the rear foot leaves the ground

Judging
2. The appointed judges shall elect between them a Chief Judge unless one has already been appointed a Chief Judge for the relevant carnival
3. The number of appointed walk judges for an event, including the Chief, shall comprise a minimum of 4 and maximum of 6
4. The independence of judges is extremely important and wherever possible connections between athletes and judges should be avoided. Individual Judges are required to declare their interests
5. The Competition Director shall have the authority to allow judges where such connections exist. Connections means: relative, coach or protégé.
   a) This is provided there are an insufficient number of available, experienced and qualified judges without such connection.
   b) It will be up to individual judges to disclose these connections and to indicate if they wish to stand down for a particular race.
   c) Where possible members of the same family should not serve as a judge for the same race

Yellow Paddle
6. Any judge can give a “Yellow Paddle” to an athlete when an athlete appears to be in danger of failing to comply with the rules (definition of race walking per Rule 230.1)
7. Yellow Paddles are issued verbally and briefly taking care that remarks do not constitute coaching

   Note: All remarks should be loud and clear and always in the form:
   e.g. "Yellow Paddle No..... contact or knees"
8. For loss of contact ~ a wavy line in black on a yellow background
9. For knees a 45° angle < also in black on a yellow background shall be used
10. A judge can only yellow paddle an athlete once for each offence during the event
11. A yellow paddle has no bearing on disqualification. It is possible to be yellow padded by every judge in the race yet not receive a single warning. This advice is only to indicate to an athlete that their action is deteriorating to a dangerous state
Red Card
12. A judge gives a “Red Card” for disqualification if an athlete is actually breaking the rules of race walking
13. For the U12 and above age groups, no verbal Red Card will be given. For other age groups, the Red Card will be given verbally at the time of detection of the actual infringement
   Note: All remarks should be loud and clear and always in the form:
   e.g. "Red Card No..... contact or knees
14. Red Card is recorded on the judging pad and forwarded to the Chief Judge as soon as practicable
15. A judge may only give an athlete one Red Card during the event irrespective of the infringement
16. If a judge in an event requiring verbal Red Cards to be given, is not sure an athlete has heard the "Red Card" the Judge should repeat it at the next suitable opportunity
   Note: A Red Card should never be given unless there is absolute certainty the rules have been infringed. Any doubt existing must be given to the athlete and the Red Card not issued

Disqualification
17. A Red Card by 3 or more walk judges, that in their opinion an athlete’s mode of progression failed to comply with the definition of race walking brings about a disqualification
18. Only the Chief Judge may advise an athlete of their disqualification
19. Where an athlete is disqualified the Chief Judge shall indicate to such athlete verbally that they are disqualified and give the reasons for the disqualification
20. The result of an event shall not become final until the Chief Walk Judge and Track Referee has given the all clear

Methods of Judging
21. Prior to each walking event, the Chief Judge or a judge appointed by the Chief Judge, will acquaint the athletes with the judging procedures for the event
22. It is imperative that during an event all judges act in an individual capacity and their judging is not influenced by the judging of another judge, per medium of conversation or messages
23. The Chief Judge shall allocate judges their judging position
24. Walk judges, recorders or messengers shall not use transceivers during the conduct of the event.
25. The judges must adequately cover the whole of the track/course; this can be done by having approximately equal distance between judges. There should be no blind spots, judges should judge from the outside of the track/course and not encroach on an area allocated to another judge, but judge from their allotted position as walkers are passing or approaching their section
26. Hip numbers must be worn by all walkers and will be supplied by the host Association. The number will be worn on the right hip and must be clearly visible to the judges.

Track Umpires and Referees
27. Track Umpires and Referees shall work during the event to determine the fairness of the competition other than walking rules
28. The Track Umpires will be responsible for detecting deliberate impedance or interference by athletes who leave the track or the course, or who cut corners: reporting it to the Track Referee
29. The Track Referee should confer with the Chief Walk Judge and indicate any athletes who are to be disqualified before walk results are finalised

Walk Judge’s Master Sheet
30. A copy of the master sheets of each walk event will be posted on the notice board with the result sheet
31. The master sheet is that document which the Chief Judge records the Red Cards of the judges and themselves and indicates which athletes received 3 or more Red Cards.

32. Judges should be indicated by number and not by name on the notice board copy of the sheet.

SECTION VIII - ROAD RACES

RULE 240 ROAD RACES

Maximum distances have been set for Out of Stadia Road Race Walks (refer LAA Rule 600 – Table 5) Please refer to Association Rules regarding Road Races.

SECTION IX - CROSS-COUNTRY AND MOUNTAIN RACES

RULE 250 CROSS-COUNTRY RACES

Maximum distances have been set for Out of Stadia Cross Country (refer LAA Rule 600 – Table 5) Please refer to Association Rules regarding Cross Country Races.

SECTION X - AUSTRALIAN BEST PERFORMANCES

RULE 260 AUSTRALIAN BEST PERFORMANCES

IAAF Rule 260 has been replaced by the following:

1. A permanent record shall be kept of Australian Best Performances (ABP) for registered athletes in the Under 9, 10, 11, 12, 13, 14 and 15 years age groups for boys and girls. For this purpose, age groups shall be based on being under the specific age at the beginning of the Little Athletics season (1 October). That is, all children who are born during the period 1 October in any year and ending at 30 September (inclusive) in the following year shall be in the same age group for the purposes of ABP’s.

2. For track events one (1) set of Australian Best Performances will be maintained being the quickest time obtained using either:
   a) Electronic time (obtained using a fully automatic Photo Finish System and/or Timing Gates); or
   b) A standardised hand time (obtained using stopwatches and/or manually operated Timing Machines and/or Timing Gates).

   Note: A standardised hand time is calculated by applying the following formula to the rounded-up hand time:
   
   For distances under 400m - hand held time + 0.24 seconds
   For distances of 400m or 4 x 100m relay - hand held time + 0.14 seconds
   For distances greater than 400m - no change
   A standardised time will be indicated with {S} or similar.

3. ABP’s will be recognised, for each age group, only for those events which LAA has determined to be standard events for that age group.

Requirements for Acceptance

4. The performance shall take place at a competition conducted and controlled by an affiliated Association’s BOM, or at the ALAC.
5. The ground on which the performance takes place must have been surveyed and the conducting Association (who should hold a copy of the Certificate of Survey) must be satisfied that no athlete has gained an advantage as a result of the ground layout.

6. The watches (stopwatches and or manually operated timing machines) used to time the performance must be checked by a competent watchmaker, within thirty (30) days of the start and conclusion of the State/Territory Track & Field season, and found not to be at variance by more than 0.05 seconds over twenty (20) minutes. This certification shall apply for all championships conducted or hosted by the Association during that season, including the Australian Little Athletics Championships.

7. The Timing Gates System shall be a commercially produced system and must have been checked / calibrated / certified within 12 months prior to the competition date and a certificate supplied.

8. Where the Timing Gates System is started and/or finished manually, the time shall be recorded to the 1/10th of a second. Unless a time is an exact 1/10th of a second, it shall be recorded to the next longer 1/10th of a second and the standardised hand timing procedure will apply.

9. Where the Timing Gates System is started and finished fully automatically, the time shall be recorded as the time reads from the system with no adjustment as per the rule for electronic time with no rounding or standardized adjustment.

10. All throwing implements must have been check-weighed and certified not underweight.

11. All measurements shall be made with a calibrated steel tape or bar or with a fibreglass tape, which has been tested for accuracy prior to the competition against a certified steel tape, which has been certified by an appropriate weights and measures authority.

12. All equipment (including automated Photo Finish Systems) must comply with LAA rules and specifications or, where no such LAA rules and specifications exist in regard to that event, with IAAF rules and specifications.

13. The necessary Results Sheets must have been signed by the Chief Referee in charge of the event and must be retained by the Association.

14. Claims for an ABP shall be submitted using the LAA approved Claim Form. A copy of all supporting documentation shall be attached to the Claim Form. All claims should be forwarded to the CEO within twenty-eight (28) days of the completion of the carnival/competition at which the performance was recorded.

15. The affiliated Association responsible for the completion and submission of the Claim Form is determined as follows:
   a) for ABP’s set at an ALAC, the convening Association shall complete and submit the Claim Form; or
   b) for other ABP’s, the affiliated Association which controls the conduct of the event shall complete and submit the Claim Form.

16. The Competition and Standards Director is responsible for:
   a) ensuring that the Claim Form has been correctly completed,
   b) ensuring that the relevant equipment was checked and so certified,
   c) all claims submitted within twenty-eight (28) day period mentioned in Rule 260.14 will be presented to the next meeting of the LAA BOM for acceptance and ratification,
   d) claims received outside the twenty-eight (28) day period as specified in Rule 260.14 but no more than six (6) months after the competition for which the performance is being claimed shall be submitted to the next LAA Conference for acceptance and ratification,
   e) claims received outside the periods mentioned in Rules 260.16(c) and 260.16(d) will be submitted to the LAA BOM for acceptance and if accepted, claims will presented to the next LAA Conference for ratification,
   f) provide ABP Certificates (via the LAA office) to successful athletes.
AUSTRALIAN LITTLE ATHLETICS CHAMPIONSHIPS
REGULATIONS

LAA RULE 701  GENERAL

1. The Australian Little Athletics Championships will comprise of a competition for Australian Teams Championship (ATC) and the Multi-Event Championship (AMEC).

2. The Australian Teams Championship (ATC) is a team’s competition where each athlete gains points from events towards a total team point score.

3. The Australian Multi-Event Championship (AMEC) is an individual competition with each athlete competing in seven (7) events. Points are based on the best performance in each event and totalled to determine the overall places.

4. Each year The Australian Little Athletics Championships shall be conducted in accordance with the LAA guidelines for the conduct of the ALAC and the Standard Rules for Competition of Little Athletics Australia Handbook.

5. The Competition and Standards Director or such person nominated by the Australian Little Athletics Executive shall be the Chief Official for the conduct of the Australian Little Athletics Championships and for this event alone shall be known as The Competition Director. The Competition Director will ensure that the competition is conducted in full conformity with the Standard Rules for Competition of Little Athletics Australia. If a problem arises, or he/she observes any matter which in his/her opinion requires comment, it should, in the first instance be brought to the attention of the relevant referee and, if necessary, offer advice as to what should be done. If the advice is not accepted and if there is a clear infringement of the rules, then the Competition Director shall make the final decision. The Competition Director will be the mediator between the team management, athletes and judges and help to resolve conflicts. Decisions by the Competition Director are subject to review by the normal protest and Jury of Appeal procedures.

6. A permanent record shall be kept, and certificates issued of best performances set at ALAC. Best performances at ALAC must meet the requirements specified in Rule 260 - Standard Rules for Competition of Little Athletics Australia for the relevant best performance to be accepted.

7. The Australian Little Athletics Championships to be conducted on the weekend nearest to ANZAC Day in the given year, but not on ANZAC Day.

8. The Australian Teams Championship (ATC) and the Australian Multi-Event Championship (AMEC) shall be conducted at the same venue over two (2) consecutive days.

9. In the case of tied places, after applying IAAF rules in regard to count-back and a tie still occurs, equal places shall be awarded.

10. Only accredited Team Personnel shall be permitted to coach athletes from within the areas reserved for this purpose. The coaching areas must be clearly defined by witches-hats/cones/bunting or similar items.

11. The primary timing and judging system for ALAC will be an IAAF certified photo finish system. The system used must comply with Rule 165 of the Standard Rules for Competition of Little Athletics Australia. The Host Association will indicate the method of timing to be used, to the LAA Annual Conference held twelve (12) months prior to the ALAC’s.

Entries into ALAC Championship

12. Entries to be submitted to the CEO, who will send a copy to the Competition and Standards Director and host Association on the specified forms not less than twelve (12) days prior to the day of competition. The number of days excludes the day of competition.
Teams
13. All athletes must be registered with their affiliated Association in accordance with the Constitution and Rules / Regulations of their Association.

14. Each affiliated Association will be entitled to enter a team of up to thirty-two (32) athletes in the Australian Teams Championship (ATC). Each athlete in the ATC may compete in a maximum of five (5) events. The heats and final(s) of the same track event are deemed to be one (1) event.

Note: Team size will revert to twenty-six (26) in 2020

15. Each affiliated Association will be entitled to enter up to four (4) boys and up to four (4) girls in the Australian Multi-Event Championship (AMEC). Each affiliated Association in the AMEC may enter up to one (1) team in the mixed relay event.

Note: The simplified wording will remain, but team size will revert to three (3) boys and three (3) girls for the 2020 ALAC.

Age Groups
16. Each affiliated Association must certify in writing to the LAA prior to competition that all members of the team meet the age requirements as specified. The LAA Competition and Standards Director has the authority to demand proof of age of any team member if so required.

17. For 2019 ALAC:
   ATC: Only athletes born between 01 October 2005 and 31 December 2006 are eligible to compete. From 2020 ALAC:
   ATC: All athletes must be twelve (12) years of age as at midnight on 31 December immediately prior to the ATC.

18. For 2019 ALAC:
   AMEC: Only athletes born between 01 October 2003 and 31 December 2004 are eligible to compete. From 2020 ALAC:
   AMEC: All athletes must be fourteen (14) years of age as at midnight on 31 December immediately prior to the AMEC.

Substitute Athletes
19. After the closing date for entries, an athlete named in the original team selection maybe replaced in the team up until two (2) days prior to the day of competition. Notification must be received by the Competition & Standards Director no later than two (2) days prior to the day of competition. The number of days excludes the day of competition.

20. From two days prior to the day of competition an athlete in the ATC team can only be substituted in an event by an athlete already named in the ATC team at that time. The number of days excludes the day of competition.

21. Where an athlete is to be substituted for an event an athlete substitution form must be completed and submitted to the Communications Controller prior to the closing time of the Call Room of that event.

2. In the event of a tie for the final placing, the points allocated to the placing will be summed and equally distributed to the tying athletes.

3. For events where there are heats and a final, points from first (1st) to eighth (8th) position will be based on placing from the final. Points from ninth (9th) position onwards will be based on ranking of athlete’s performances from the heats.

   Note: For 2019 only

4. Those athletes who are DQ (Disqualified), DNS (Did Not Start), DNF (Did Not Finish) or NM (No Measurement) will not receive any points.

5. Relay events will be awarded double the corresponding points scored in individual events.

AMEC
6. Each athlete will be allocated points for their best performance in each of the seven (7) events, such points to be calculated in accordance with the LAA’s Standard Multi-Event Point Score System which is the IAAF Scoring Table for Combined Events.

7. In the event of a tie for the final placing, no count back will be applied. Tied athletes will be given equal placing.

8. An athlete failing to attempt to start or make a trial in one of the seven (7) events will not be entitled to receive an individual medal. It will not prohibit the athlete from competing and scoring points in subsequent events.

9. For point’s calculation of the AMEC Life Members Trophy, only the best three (3) athlete’s performances in each individual discipline of each gender will count towards the total points for the team. The points system is the same as used for the ATC points score.

   Note: For the 2019 ALAC only, wording to remain after 2019 ALAC, but will revert to best two (2) performances in each individual discipline.
10. The U15 AMEC Mixed Gender 4 x 100m Relay shall count towards the overall points for the U15 Teams Trophy. The composition of the team can only be: two (2) boys and two (2). The points allocated for this event will be double the corresponding points scored in individual events.

11. Medals will be awarded to teams that place first, second and third in the mixed gender 4 x 100m relay provided the composition of the team is in accordance with Rule 703.10.

LAA RULE 703 UNIFORM AND FOOTWEAR

1. Each team shall compete in uniform using colours as approved by the LAA.

2. Each athlete will be allocated and issued with unique number patches. The athlete will wear one number on their chest and one on their back. The patches will be supplied by LAA.

3. No skins or like product are permitted. (The ‘Skins’ ruling refers to the longer style or that showing the logo and/or distinctive contrast stitching). No part of the uniform shall extend beyond the top of the knee.

4. Where socks are worn, non-branded white crew or low cut sock or as supplied by the LAA sponsor for this event shall be worn as part of the competition uniform. (The LAA Competition and Standards Director may make an exception to this rule based on medical reasons.)

5. Non-branded bike pants or compression pants may be worn by athletes underneath their supplied uniform. The colour of these bike/compression pants is to be the same as their supplied uniform or plain black.

6. The maximum length of spikes shall be advised by the host Association at least one (1) month prior to the ALAC event.

LAA RULE 704 PROTESTS

1. The A$50 will be refunded if the protest is upheld by either referee or the Jury of Appeal. In the event that the protest is dismissed by the referee, dismissed or deemed frivolous by the Jury of Appeal, the A$50 will not be refunded. The Team Official will be issued with a tax invoice for presentation to their Association.

LAA RULE 705 EVENTS FOR THE AUSTRALIAN TEAMS CHAMPIONSHIP (ATC)

1. Events for the Australian Teams Championship (ATC) competition shall be 100 metres, 200 metres, 400 metres, 800 metres, 1500 metres, 80 metre hurdles, 200 metre hurdles (5 flights), 1500 metres walk, 4 x 100 metres relay, long jump, triple jump, high jump, shot put, discus and javelin for boys and girls.

For 2019 ALAC:

2. Each team may only enter a maximum of three (3) athletes for each individual event and a maximum of one (1) relay team per gender.

From the 2020 ALAC:

Each team may only enter a maximum of two (2) athletes for each individual event and a maximum of one (1) relay team per gender.

3. 100m, 200m, 400m, 80m Hurdles, 200m Hurdles
   a) There will be three (3) heats, consisting of one athlete from each team in each heat. Selection for each heat will be drawn by lot and within each heat; lane allocation will be drawn by lot.
   b) There will be one (1) final of eight (8) athletes. Only the winner from each heat and the next fastest five (5) performances will be progressed to the final of eight (8).

Note: The final may consist of more than eight (8) athletes if a tie for the last qualifying position based on time occurs. Refer LAA Rule 706.2 (iii)
c) Where there is a tie for the qualifying positions based on place, all athletes will be progressed to the final, where the number of athletes progressed based on time will be reduced. Where there is a tie for the last qualifying position based on time, all athletes will be progressed to the final. If that is not practicable lots shall be drawn to determine which athlete(s) will be progressed to the final.

d) Only those athletes who qualify for the final will compete in the final.

e) Seeding for the final will be based upon placing and performances from the heats. For this purpose, athletes will be ranked as follows:

   - Fastest heat winner
   - 2nd fastest heat winner
   - 3rd fastest heat winner
   - Fastest time qualifier
   - 2nd fastest time qualifier
   - 3rd fastest time qualifier
   - 4th fastest time qualifier
   - 5th fastest time qualifier

f) Lane allocation for the final will be based on the following three draws:
   i) one for the four highest ranked athletes to determine allocation in lanes 3, 4, 5 and 6;
   ii) another for the fifth and sixth ranked athletes to determine allocation in lanes 7 and 8, and
   iii) another for the two lowest ranked athletes to determine allocation in lanes 1 and 2.
   
   Note: When there are fewer or more than 8 lanes, the above system with the necessary modifications should be followed.

   g) Final placing and points will be based on placing of final and then the performances of reming athletes from the heats

   h) Where there is a tie for places in a qualifying heat, a ballot between the tied athletes will be used to determine the seeding for the lane allocation in the final.

   i) Where the finalists are being selected on performance in the qualifying heats and equal performances are involved, the places in each heat will be used to determine the finalists.

   j) Where eight or less athletes are at the Call Room at the time the Call Room closes for the event, the event will be conducted as a final at the time that the final is scheduled. The lane draw for this final will be by random draw. Only those athletes that originally marshalled for the event will be allowed to compete in the final.

   Note: The above is for the 2019 ALAC only

4. 800m <To be advised in October 2018>

5. 4x100m Relay, 1500m and 1500m Race Walk

   a) Athletes/Teams will be drawn by lot into lanes/starting positions.

6. In field events, except for High Jump, each athlete will have three trials and the eight (8) athletes with the best valid performances will be allowed one (1) more trial. The competing order for this last round of trials will be in the reverse ranking order recorded after the first three rounds of trials. Final placing and points will be based on the performances of all trials in all rounds.

7. Triple Jump

   a) The Triple Jump shall have a minimum of three (3) take off boards. The spacing of the boards will be as provided at the competition venue. These spacing’s will be advised to all teams prior to the competition. Nominally, the distances will be 11m, 9m and 7m.

8. High Jump

   a) The starting height for High Jump shall be:
   i) Girls: 1.20m
   ii) Boys: 1.30m

9. In field events, except for High Jump, each athlete will have three trials and the eight (8) athletes with the best valid performances will be allowed one (1) more trial. The competing order for this last round of trials will be in the reverse ranking order recorded after the first three rounds of trials. Final placing and points will be based on the performances of all trials in all rounds.
LAA RULE 706  EVENTS FOR THE AUSTRALIAN MULTI-EVENT CHAMPIONSHIP (AMEC)

1. The events conducted for the AMEC shall be:

<table>
<thead>
<tr>
<th>BOYS</th>
<th>GIRLS</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Day 1</strong></td>
<td><strong>Day 1</strong></td>

2. 100m, 200m, 90m Hurdles, 100m Hurdles:
   a) Each heat will have a maximum of one athlete from each team. Selection for each heat will be drawn by lot and, within each heat; lane allocation will be drawn by lot.

3. 800m
   a) Athletes will be seeded so that the last heat contains the athletes leading after the penultimate event. The last heat will have a maximum of ten (10) athletes.

4. In case a Fully Automatic Timing and Photo Finish System is not available for any track event, each athlete’s time shall be taken by at least one timekeeper independently. For first place only, the time shall be taken by three timekeepers independently.

5. In field events, except for High Jump, each athlete will have three trials only.

6. High Jump
   a) A bar height of one (1) metre will be used as the benchmark height to determine the 3cm intervals.
   b) The high jump may be split over more than one (1) pit. Where this occurs, the bar height on each pit may start at different heights, however each bar increment will be at 3cm intervals starting at an interval of 3cm from the benchmark height (Refer LAA Rule 706.5(a))

LAA RULE 707  EVENT CLASHES

1. Initial event clash forms are to be submitted to the host Association within two days of submission of their entries. Any subsequent event clash forms excluding those that occur on the day of the competition, are to be submitted no later than the Team Manager’s meeting conducted prior to ALAC’s.
