

Social Media Policy - Acceptable Use

Introduction

Social media provides an excellent opportunity for people to gather in online communities of shared interest and create, share or utilise the content. The interest and participation in social media is growing very quickly and Jetstar Little Athletics Australia sees social media as an important tool of engagement with members, business partners and the community.

Little Athletics Australia welcomes all comments on our social media channels, including, but not limited to, Facebook, Twitter, Instagram and YouTube. You are welcome to express your views, comments, ideas and insights about Little Athletics, its programs and activities. At the same time, you should show courtesy and respect to others and must not use our social media channels to abuse others, expose others to offensive or inappropriate content, or for any illegal purpose.

Photographs

Photographs taken by the Little Athletics Australia or its agent(s) of a child or yourself in attendance at a Little Athletics Event/Function, may be utilised for any legal/appropriate purpose whatsoever, including (but not by way of limitation) illustration, promotion, advertising, trade, etc. Such photographs may be published in any medium and may be labelled with the name of the person/s in the photograph and the event at which the photograph was taken.

When using photos on social media channels, please ensure that you:

- Avoid naming the child. If this is not possible avoid using both a first name and surname.
- Avoid displaying personal information such as residential address, email address or telephone numbers if images are being posted on websites or distributed in publications.
- Do not display information about hobbies, likes/dislikes, school, etc. as this information has the potential to be used as grooming tools by paedophiles or other persons.
- Only use appropriate images of the child, relevant to the sport or activity, and ensure that the athlete/child is suitably clothed. Images of athletes participating in sports or activities that involve minimal clothing or unusual body positions/poses could potentially be misused. The age of the child is another factor to consider when deciding if the image is appropriate.
- Reduce the ability for direct copying of pictures from a website to another source (i.e. disable the 'right mouse click' function).
